A Gentle Hint.

In our style of climate, with its sudden changes of temperature,—rain, who and some shine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Bosche's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderfui, as a your druggist will tell you.
